PRODUCT CATALOGUE

AN ISO - 9001 : 2015 CERTIFIED COMPANY

Dear Customer,

We thank you for choosing **MOVIE STARS** as your preferred brand for fulfilling your décor choices. We are delighted that you are now part of the **MOVIE STARS** legacy!

Our products are crafted with an obsession to detail and feature industry leading innovations like Anti-Dust fans and Duratech technology.

In this catalogue, you will find our latest range of energy efficient ceiling fans with ActivPower & ActivBLDC technology. Our range of energy efficient ceiling fans will provide you with unparalleled savings on your electricity bills, furthermore energy efficiency as a feature is available across all our product segments to suit your needs.

We have also included a section to help you choose the recommended design and color for your home décor

Happy surfing !

AN ISO - 9001 : 2015 CERTIFIED COMPANY

COMPANY PROFILE

MOVIE STARS India is a testament to the 'Make in India' spirit, prioritizing product quality and customer satisfaction since its inception. As a pioneer in introducing KARAOKE MODE in Made in India speakers, the brand has launched over 100 products and established a wide dealer network across the country.

Founded by Mr. Manoj Jain, who started his business journey with just Rs.14,000/- which he took from his father in 1989, coming from a small village in Uttar Pradesh to Delhi and establishing himself as an Electronic products manufacturer. He started from a small unit at Vishwas Nagar, Delhi. The brand has grown from manufacturing wooden cabinets and VCD players to producing High-Quality music systems.

He Founded Frooti Electronics in 2005 and the name "FROOTI" came from his daughter whose name is FROOTI. In 2020, Mr. Aakash Jain joined his father to further expand the business, acquiring land for an office and factory in Ghaziabad, U.P.

Continuing to expand, the company ventured into manufacturing fans and other home appliances in October 2022. With a commitment to using the latest technology, imported machinery, and skilled staff, MOVIE STARS India ensures the durability and quality of its products, contributing to its status as one of India's fastest-growing manufacturers with a widespread presence across the country focusing on customer satisfaction.

Technical Advice

Ceiling Fan Selection

Sweep Size referred to the entire diameter of a fan.

Fan Selection Tips-

Tip 1:

Match your ceiling color with your fan color to make the room look spacious.

Tip 2:

To accentuate your ceiling choose the contrasting furniture color for your fan.

Tip 3:

Metallic trims in fan go well with decor that have shiny elements within the space.

Tip 4:

Decorated fans complement spaces with classic or luxurious settings.

Tip 5:

For spaces with high maintenance, choose our anti-dust ceiling fans range.

Tip 6:

For places where you need quiet comfort, choose silent operation fans.

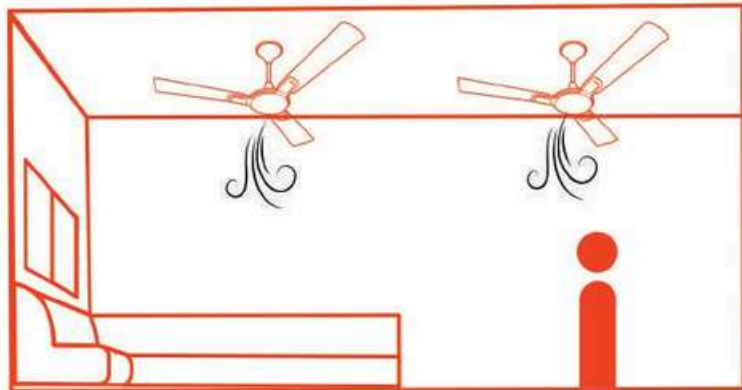

Tip 7:

For space with continual requirement of fan, choose energy efficient fans.

Tip 8:

For usage comfort and convenience, choose smart fans.

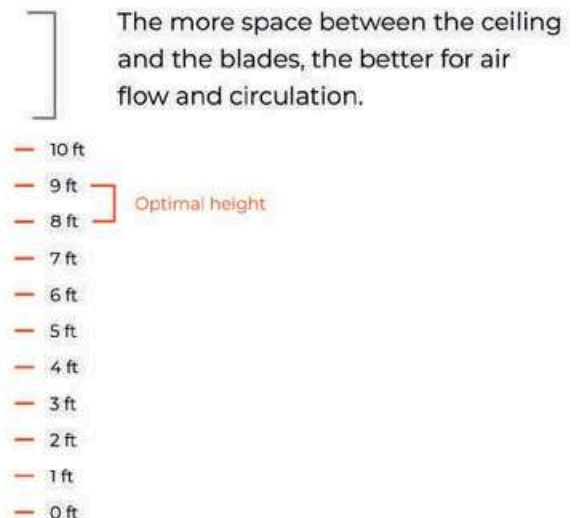

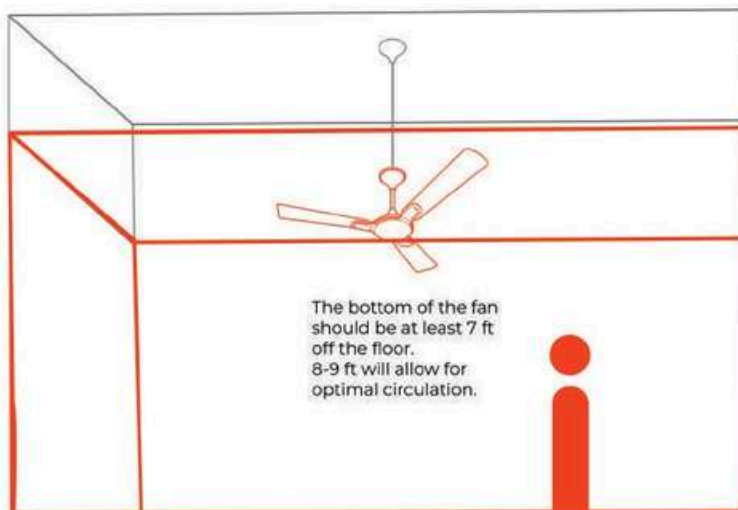

Sweep Size	Room Size
600mm (24")	Small shop, cabin or Power Room
900MM (36")	7x10ft
1200MM (48")	12x13ft
1400MM (56")	14x16ft

For a much more larger room, consider using two fans to balance the air circulation in parts.

Optimal Height

For ceilings that are taller than nine feet, add 6" to the downrod for every foot of height.

HIGHER STAR RATINGS OFFER BETTER VALUE FOR CUSTOMERS!
